SUMMARY

Computer Science Developer with an Applied Diploma (First-Class Honors). Expert in building scalable web and mobile applications, digital solutions, and Frontend development, having developed over 25 technical projects, including websites and cross-platform apps. I excel at combining modern framework-based designs with AI-driven insights to enhance user experience and system efficiency. I am seeking new challenges to leverage my academic excellence and programming expertise in building innovative technical products.

EXPERIENCE

Al-Hazim Auto Parts Company | Saudi Arabia

Sales Specialist | January 2018 – March 2026

- Developed sales strategies to meet revenue objectives and facilitate business expansion.
- Mentored a high-achieving sales team, offering assistance to elevate collective sales achievements.
